SUMMARY

Aspiring Full Stack Developer (MERN) | React.js | Node.js, Express.js, MongoDB | JavaScript | CS Student @ SIET Panchkula

SKILLS

Core Languages: JavaScript (ES6+), HTML5, CSS3, C++, Python

Frameworks & Libraries: React.js, Tailwind CSS, Three.js, REST APIs

Backend & Database: Node.js, Express.js, MongoDB, Firebase (Auth, Hosting, Realtime Database)

Cloud & Deployment: Google Cloud, Vercel, Netlify, Render, AWS (Familiar)

Tools & Platforms: Git, GitHub, VS Code, n8n, Ollama,

Domains: Web Development, Cyber Security, Responsive UI Design, API Integration, DSA

EDUCATION

Bachelor of Engineering, Computer Science

SIET Panchkula | 2024-2028

PROJECTS

Weather Forecasting App | [GitHub](#) | [Live](#)

React.js, CSS, REST API

- Built a real-time weather forecasting web application using live weather APIs.
- Integrated dynamic weather search functionality based on city and location.
- Improved UI responsiveness and user experience with modern frontend design.
- Learned API handling, asynchronous requests, and frontend state management.

Club Website | [GitHub](#) | [Live](#)

React.js, Three.js, CSS

- Developed a responsive 3D club website with smooth animations and interactive sections.
- Designed visually engaging frontend components using modern UI principles.
- Optimized website responsiveness and performance across devices.
- Explored 3D web experiences and animation integration using Three.js.

Venue Management App | [GitHub](#) | [Live](#)

React.js, css, Google cloud

- Created a venue management application to manage crowd handling and event coordination.
- Implemented cloud-based integrations and responsive frontend interfaces.
- Improved event workflow management and accessibility for users.
- Gained experience working with Firebase services and deployment tools.

ACHIEVEMENTS

- Participated in multiple hackathons and technical project competitions.
- Secured Runner-Up position in a college web development competition.
- Continuously learning and building projects in web development and AI technologies.
